

People Puppets

Materials

- Paper lunch bags
- Markers or crayons
- Self-adhesive plastic eyes
- Optional: yarn, ribbons, buttons, and other craft decorations (self-adhesive if possible)
- Glue or scrapbook adhesive for decorations

Instructions

Have students lay out their lunch bag (still folded flat) with the flap facing them. Have them stick two eyes in the middle of the flap. Students will color a nose under the eyes then draw a mouth so the top of it is on the folded flap and the bottom lip is below the flap.

Show how you can move the mouth by putting your hand inside and moving the flap up and down.

Have students finish decorating their puppet person with crayons, yarn, ribbons, etc.

Suggested Discussion

God made Adam and Eve different from any of the animals in his creation. He created Adam and Eve, the first people, in his image. That means we are also made in God's image—not like dinosaurs, monkeys, dogs, or any animal.

God made Adam from dust and breathed life into him. Then he made Eve from Adam's rib. God created man and woman. He is the only one who is powerful enough to do that. He is our all-powerful, omnipotent God!
